The Andover Township Fire Department is a 100% volunteer organization providing fire protection and rescue services to the residents of Andover Township and the surrounding communities 24 hours a day, 7 days a week, 365 days a year. Since 1953 our goals have been the same, "To protect life and property". Our volunteers are committed to providing the community with professional emergency fire protection. Additionally the members also spend time working at community events, conducting fire prevention programs, fund raising and maintaining equipment, apparatus and buildings for our two firehouses.

During this unprecedented time in our history we have all been forced to alter our lifestyles and daily routines to deal with the COVID-19 pandemic. We have been forced to adjust to these socially, mentally and financially difficult times. When tragedy strikes, people must be willing to put aside their own fears, hesitations and personal hardships to step up and help those in greater need. The Andover Township Volunteer Fire Department has stepped up and has answered those calls for help. These individuals have volunteered their time, at great personal risk to respond to your calls for assistance. Despite these obvious risks, our Andover Township Fire Department volunteers have never wavered in their commitment to provide help to our neighbors in need. Our firefighters stand at the ready to embrace the many challenges which lie ahead.

During these challenging times we have experienced a significant decrease in funds due to many of our fundraising events being canceled or altered. We ask you to consider contributing to our yearly fund drive at this time so we can continue to maintain our high level of service. We will only request your financial assistance once during this campaign via this mailing. No phone solicitations are ever made on our behalf! Please help us help you to continue our long standing tradition of serving and protecting the residents of Andover Township.
